

Chamonix film festival

MONTAGNE | AVENTURE | CULTURE

10 - 15 JUIN 2025

5^e ÉDITION

Chamonix, 12th May 2025

Chamonix Film Festival prepares for its' 5th edition!

Chamonix Film Festival is preparing for its' 5th edition, taking place from **10-15th June 2025**. A packed programme of films, literature, workshops and debates will be waiting to transport audiences to the four corners of the planet. With a thrilling film selection, book events, writing and drawing workshops, round table debates and open air screenings, get ready to be part of the adventure!

The film selection will feature **18** of the latest tales from the world of mountain film, whittled down from 170 submissions by the festival selection panel of mountain professionals and enthusiasts. Athletes and filmmakers will be on hand to share their stories and inspirations with the audience over 6 evenings of screenings and a series of round table film events at the Cinema Vox.

Films in the festival competition will be scrutinised by our **international jury**, and the sought after Chamonix Film Festival awards created by sculptor and alpinist Andy Parkin, will be awarded as part of the penultimate evening's programme.

The festival is continuing its' arrangement with schools in the area to offer film screenings to local students free of charge, and there will be two **open air screenings** in Parc Couttet on Friday and Saturday evening, free for the public.

Hotel Plan B will be the location for the **writing and drawing workshops**, with a series of book signings and author events planned at the Galerie Café des Aiguilles. The hotel will also host our **industry day** on 10th June - an opportunity for filmmakers, producers and festival organisers to come together and share ideas, challenges and innovations.

The festival is also happy to be hosting the second annual day for organisations working around **social inclusion in the outdoors**. Organised by the Petzl Foundation, the day brings together stakeholders driving better opportunities for young people for participation in mountain activities. In addition to this day of exchange, a group of young people will take part in an overnight excursion to a mountain refuge, including an initiation in alpinism.

Stay tuned! Detailed information on the film programme, visiting filmmakers, athletes, authors and speakers will be released in the coming weeks. Join us, and be part of the adventure!
